

# Circular Economy

## Sustainable Materials Management

---

MASSIVE OPEN ONLINE COURSE

### **Module 1: *Materials.***

This module explores where materials come from, and builds a rationale for why society needs more circularity.

### **Module 2: *Circular Business Models.***

In this module circular business models are explored in-depth and a range of ways for business to create economic and social value are discussed.

### **Module 3: *Circular Design, Innovation and Assessment.***

This module presents topics like functional materials and eco-design as well as methods to assess environmental impacts.

### **Module 4: *Policies and Networks.***

This module explores the role of governments and networks and how policies and sharing best practices can enable the circular economy.

### **Module 5: *Circular Societies.***

This module examines new norms, forms of engagement, social systems, and institutions, needed by the circular economy and how we, as individuals, can help society become more circular.
